

# Federal Experience

Compu Dynamics is a specialty contractor focused on comprehensive security for data center campuses, both physical entrance infrastructure and electromagnetic protection.

Our federal experience includes:

- Physical Perimeter (barriers, bollards and gate access),
- Hardened Entries (Turnstiles and Forced Entry Ballistic Resistant Doors),
- Secure Area Construction (ICD-705+ & ISOI-024)
- Residential ICD-705 Spaces,
- TEMPEST/RF Mitigation,
- Containerized Data Centers,
- Network Operations Centers (NOC) and Secured Storage Space Construction,
- Regional Security Operations Center (SOC) for multi campus Vehicle Access Control solutions and integration with Lenel security systems.

We are focused on mid-market projects ranging from \$500K to \$50M.

## Recent Project Experience

### *Confidential Client - Multiple Enhanced DC Entrances*

\$3.8M - 26 site program of Forced Entry Ballistic Resistant Doors (FEBR)

### *Confidential Client - 1MW Fit Out of Secure Site Data Center*

\$16M - 10,000 SF, 1MW SCIF EFO with NOC space.

### *Confidential Client - RF Mitigation of existing Data Halls*

\$8M - 4 site program of TEMPEST/RF Shielding mitigation of 80,000 GSF data halls

### *Confidential Client - RF Mitigation of existing Data Hall*

\$2.6M - TEMPEST/RF Shielding mitigation of 17,000 GSF data hall

### *Confidential Client - Multiple Site Strengthened Perimeter Security*

\$36M - 14 site program of Barriers, M30 Rated Bollards & Gatehouse Security Access

### *Confidential Client - Multiple Site Strengthened Perimeter Security*

\$15M - 8 site program of Barriers, M30 Rated Bollards & Gatehouse Security Access

### *Confidential Client - Multiple Enhanced DC Entrances*

\$3.4M - 10 site program of Forced Entry Ballistic Resistant Doors, M30 Rated Bollards and entry Turnstile replacement and upgrades

### *Montgomery College, Secondary Data Center*

\$2M - Design-Build Data Center with UPS power and backup Rooftop Generator system

### *Confidential Client, Collocation Secure Storage and Network Operations Center (NOC) Fit Out*

\$2.7M - 3,000 SF Secure Storage facility and 13,000 SF corporate administrative office fit out.

### *Confidential Client, Collocation Secure Storage and Network Operations Center (NOC) Fit Out*

\$1M - 2,000 SF Secure Storage and Tech Support Facility
